## **NEWS RELEASE**

**For Immediate Release: January 25, 2010**

### **Mid-Atlantic Corporate Selects Ongoing Operations for Business Continuity Needs**

Hagerstown, MD – Ongoing Operations, LLC, the growing business continuity CUSO that has rapidly expanded to serve over 100 credit union clients nationwide, has just been chosen by Mid-Atlantic Corporate Federal Credit Union to provide business continuity & disaster recovery services for the \$3.7 billion financial institution.

“Natural person credit unions have been relying on Ongoing Operations’ for years now,” said Kirk Drake, President of Ongoing Operations. “It is exciting to begin offering our solutions to corporate credit unions as well. I believe Mid-Atlantic’s choice to partner with Ongoing Operations is a true testament to our CUSO’s ability to recover financial institutions and scale our offerings to meet the needs of organizations of all sizes.”

Mid-Atlantic Corporate Federal Credit Union will take advantage of several of Ongoing Operations’ Business Continuity/Disaster Recovery offerings including: the 2Recover system, an online business continuity plan management tool; secure data center space; internet and phone connectivity; Connect4, a turnkey third party backup connection service; and physical workspace solutions.

“There were several key attributes that made Ongoing Operations stand apart from other providers: the breadth of their offerings, their deep understanding and commitment to the credit union industry, and their top-notch technical expertise,” said Lori Gall, SVP Administration of Mid-Atlantic Corporate Federal Credit Union. “We’re looking forward to implementation and believe our business continuity program will be much stronger as a result.”

Mid-Atlantic Corporate Federal Credit Union is a federally chartered corporate credit union that provides investment, lending and payment services, including ACH, share draft and electronic bill payment processing — to a national field of membership. Mid-Atlantic Corporate serves 1,200 credit unions, CUSOs, Leagues and chapters in 44 states and Guam. Learn more at [www.midatlanticcorp.org](http://www.midatlanticcorp.org)

Ongoing Operations, LLC is a leading provider of Business Continuity & Disaster Recovery Solutions to over 100 credit union clients nationwide. Beyond just backing up credit unions’ key systems, Ongoing Operations takes a holistic approach to business

continuity to ensure that all of your systems and member communication channels stay up and running – no matter what. Learn more at [www.ongoingoperations.com](http://www.ongoingoperations.com).
